LEGENDS HOSPITALITY

Legends' team of expert culinarians and event specialists include the finest chefs in the industry, esteemed sommeliers and mixologists, artistic pastry chefs, and highly skilled special event planners. As the exclusive caterer for many landmark cultural, sports and entertainment venues, our reputation for culinary and service excellence is second to none. Additionally, our portfolio of local, regional and national partners provides a stable and sizable source of management and culinary leaders to support and execute events of any size, depth or complexity.

The precepts by which we operate - Design, Service, Merchandising, Execution and Quality - are actively driven by listening to our guests and monitoring consumer trends in the Denver culinary scene. We seek different ways to create unique experiences in order to provide a wide range of food and service options to meet the high expectations of our guests.

Ideally, planning for events starts weeks, and sometimes months, in advance of the event date. The Legends' catering team will meet with the client to gain an understanding of their objectives and develop a customized solution that meets their needs. From flatware and tabletop decor, to presentation elements and equipment, the catering team creates a unique mood and feel tailored to each event.

Legends will recommend seating and service options based on the event size and scope. We have a varied portfolio of concepts to accommodate any type of hospitality service from white-glove plated dinners, to cocktail receptions, business lunches, banquets, festivals, indoor and outdoor parties; the only limit to what we can do to make your event memorable is your imagination.

Once the event theme is confirmed, the executive chef and culinary team will work directly with our client on a menu selection. We will use our culinary standards to address customer desires, unique service styles, and to exceed your expectations of service and quality. Our catering staff is trained in culinary, service, safety and hospitality protocols specific to their individual responsibilities; but more importantly, everyone at Legends understands the importance of personal and attentive service to our guests.
